Measure, Appointment or Topic: HB4153

There's a reason that non-agricultural uses are banned from resource lands because of the Statewide Planning goals adopted in the 1970's via SB100. Non-agricultural uses prohibit farming, ranching and other resource uses from fully operating. Agricultural proceeds in this state are second highest on our list. Keep these lands free from unnecessary urban and retail actions--they are already permitted to undertake legitimate non-agricultural uses by law.
