Joint Special Committee On Referendum Petition 2026-302 February 9th,  
2026

I'm taking time out of my day due to your constant games to silence any opposition to the foolish actions taken by the Democratic party controlling this once great state of Oregon regarding your destructive policies, including this latest move intended to take the referendum which by law should be on the November ballot when the greatest number of legal voters in Oregon participate, instead moving it up in an effort to crush the opposition to your proposal.

Like it or not due to the greater opposition you face in the November 2026 election, we demand our voices be heard regarding these additional taxes on the November ballot as they should be, rather than tolerating your shell games to exclude participation by separating them from the general election.

Sincerely,  
Bryan Whitmore-Parks & Julie Whitmore-Parks
