I oppose the gas tax n also moving it moving up to vote. It should be in the primary in Nov. It cost more to have it separate n it's a time that less people come out to vote n that is what they want so it will hopefully pass. Over 500,000 signed to stop it from going forward even though we citizens have more than opposed it in the past and now. We are tired of them trying to shove these policy's down our throat, even though they know we do not want them. Not good for Oregonians.
