To the Oregon Legislature I'm writing to say I'm appalled at the lengths you will go to discard the voices of us Oregonians. First you held public hearings that were overwhelmingly against the transportation tax bill and you chose to push it through despite what the voices said! Then you let the Governor sit on the bill for as long as she could before signing it to law despite all of her rhetoric of an "EMERGENCY"! Now you're trying to circumvent our voices again after all of the Oregonians who signed the petition to put it to a vote in November you want to move it to March! That's again not what the people want! You have all been elected to serve "we the people" yet you chose to decide for yourselves without regard for our voice or our wishes. I'm hoping your really hear what my voice is saying as I'm a constituent of this state and my voice matters!
