Committee: Joint Special Committee On Referendum Petition

Measure, Appointment or  
Topic: SB1599

If you are trying to drive most of your constituents out of the State of Oregon, drive SB1599 through. I can tell you that I will definitely be there to vote in the May election if you do pass this Bill and I will make sure that all that signed the referendum against the "Gas Tax" will be there, too. It is tough enough living in Oregon right now, as the Governor and legislature are not concerned about the people of Oregon, so much as supporting State of Oregon workers and retirees. Other people besides State employees do live here and those of us who are hit hardest by all of these new taxes are seniors.
