I disagree with changing the date of the vote on the gas tax. The document clearly stated November as the date for the vote and historically in November there are more people available to turn out to vote. I am suspect and very unhappy that at every turn the current administration wants to disregard my wishes and simply make changes at their own discretion. Do the right thing and do follow the timeline on the petition. The governor screwed up and she needs to own the failure of the Gas Tax effort.  
So disappointing...Again!!
