Changing the voting from November to May primaries feels like you are trying to subvert the will of the people. You all know the turn out for primaries is much smaller than for November elections.

The people are opposed to excessive taxation. Your governing has chased many essential businesses out of our state. If there are no or much less jobs your tax base is in trouble. That seems to me , your job is to make the state more desirable for businesses . More people working more taxes for you. We are sick and tired of the way you people govern this state.

Respectfully!
