I strongly oppose moving the date of this vote. It should be left as is and go forward for a vote on the November ballot as I was made to believe when I signed the petition, along with the 250 thousand other people who signed the same petition! Changing the vote date will not change the minds of all of us who signed it. In fact, the democrats trying to do this are only drawing more attention to the petition. The more it gets put out in the media the worse it is for the democrats who are pushing for this to go on the May ballot. The voters will remember your names and they will vote accordingly when your reelection time comes around. Oregonians are tired of being ignored and bullied. We the people are taking a stand!
