I oppose it being moved to May for the Primary election. The reason the governor and democrats want to move it is because they don't want it to be on the ballot with governors race. It is a known fact that less people come out to vote out in primaries than in general elections. I also want it staying in November to give time for the 800,000 people removed off the voters roles. I want a fair election and this is taking away from that. I am tired of corrupt election and moving it makes the election corrupt as far as I am concerned !!!!
