I strongly oppose SB 1599. The referendum was passed overwhelmingly with over a quarter million signatures collected in little over a month's time in a historic show of opposition, and was referred to the November 3rd 2026 ballot. The Governor and the legislature rammed the original bill through against the opposing testimonials of the people, and are now looking to once again remove the decision from the will of the people. Please do the right thing and keep the referendum in the November 2026 ballot.

Respectfully submitted, Rachelle Timm
