Measure, Appointment or  
Topic: SB1585

Dear Senate Committee on Commerce and General Government,  
I believe you should support this bill. This bill will provide smaller cities and rural communities in Oregon an opportunity to attain grant funding to help with infrastructure. State standards and regulations have created hardships to smaller communities. With a small population base and therefore small funding base to meet these needs, matching grant funds are nearly impossible to attain for small cities. This bill can help these communities in Oregon stay vibrant and contribute to the economy of Oregon.  
Please vote yes on SB 1585
