Measure, Appointment or Topic: SB1599

I seriously oppose this measure. It should be on the ballot next November. I was disgusted by Tina Kotek's attempts to dodge the petition by cutting our time to gather petition signatures. This sort of behavior is unacceptable and a great insult to our democracy. Now Kotek is trying to move this to another election, hoping that at the time her name is on a ballot, we'll forget about the fact that she's been pushing for this increase on gas taxes, vehicle registration, etc.
