I am against SB 1598!! This is an AWFUL bill because it gives unchecked authority to UNELECTED public health authorities. Haven't we all been through enough with these draconian public health officials? I am against automatic mandates and actually I am opposed to all mandates. They are wrong and anyone who votes for this is wrong. Stop this insanity.

Where is informed consent with the truth about medical procedures and products? This bill is wrong on many levels. It also removes the abilities of doctors to make decisions in the best interest of their patients. Every single person is unique and one size does not fit all goes for health care.

Do not pass this bill

Thank you,
Courtenay Sherwood
