I sickens me that the future and now of my children is so bad due to how Oregon gov and finances have been ran. The well is dry. Maybe the \$20 permit money to use a non motorized vessel can go towards what is needed? Or maybe gov can tighten their purse strings like the rest of the state does? Just thoughts. I didn't want to but had to type something to oppose this. I already know the dictators won't care. But I have to try. We all came together and made a difference to be heard and accounted for. Now Kotex wants to move vote date so it doesn't hurt her image? Is it to save \$? Where's the \$ wasted for houseless? Ok I'm done. I want to go off. Done with it. Id voting standard unless certain circumstances in Oregon please. Let's see where we are.
