

Submitter:	Russell La Barr
On Behalf Of:	Self
Committee:	Senate Committee On Health Care
Measure, Appointment or Topic:	SB1598

Given the track record of this states intrusion into individual healthcare choices, constant emergencies orders and lack of respect for its constituents. I oppose any and all laws that give any elected, bureaucrat, or other power over my body. All we need to do is look back at what our government did to us during the COVID lockdown. Stay out of my physician's office.
