I am opposed to moving the election date to the May primary. The signature process, I participated, was for the November ballot and I fully support the vote on the tax referendum to be held in November. In addition, as a registered independent, I will not have the opportunity to vote on this if moved to the May primary. I understand as many as 40% of the registered voters are in the same situation. This is unacceptable and we have the right to be able to vote on this
