Yet again you have decided to ignore the will of the people you represent. I am not shocked by your total lack of care or respect for the people you represent. You probably believe that you can never be voted out of office, but the tides of change are coming. You continue to ignore your duty to do as we tell you and this is just a continuance of the status quo. I will never stop fighting for our beautiful state and I demand that you keep this on the November ballot. You can ignore us again, but it will just prove to us again that you have complete disdain for the residents of this state and we will just add it to the list of your failures that we won't forget.
