Committee: Joint Special Committee On Referendum Petition
2026-302

Measure, Appointment or
Topic: SB1599

This bill is extremely harmful for the residents in Oregon. Gas prices are already much higher than many other states and transportation price increases would directly impact those who are already experiencing a struggle on their daily lives. 250k people signed the petition to have this bill go to the general election and it should stay there so more Oregon residents have a say.
