

Submitter: Heather Dowell  
On Behalf Of:  
Committee: Senate Committee On Health Care  
Measure, Appointment or Topic: SB1598

Hello, I vote no for this bill because I believe that it is very important that people have control over their own bodies and health decisions. It should never be up to a government official to decide what is best for someone's body. That opens the door to very dangerous precedents and government control. Individuals should have the right to decide what makes them most comfortable when it comes to their health. No one should be forced to take immunizations or medicine that they don't feel comfortable with.
