Committee: Joint Special Committee On Referendum Petition
2026-302

Measure, Appointment or Topic: SB1599

gTo address the committee on sb 1599 public hearing I oppose the move of this hearing to may 19th and in all oppose the bill period. I oppose all of you in public service and question your authority in doing so! You all need your heads checked as for you have not represented Oregon voters and what matters to them. Your decisions in government will implode the states tax base and send Oregonians packing for greener pastures and a state with representation. There are three great states just next door to Oregon that hold family values and affordability. Me as a life long Native born Oregonian has decided to not love my government and leave the state due to the injustice of wasted tax dollars by the government of the state of Oregon. But one last time for the betterment of its citizens I will cast a vote to try and help Oregon get the correct representation in seat as governor. Good by and good riddance!
