Measure, Appointment or  
Topic: SB1599

The Referendum Petition was already pushed into a constricted time frame once, when the Governor let the bill sit on her desk for weeks- trying to limit the time available to collect signatures. The political move did not work, and the signatures were collected in time thanks to countless volunteers who did the extra footwork. This bill is an attempt to squeeze the process again. The communicated timeline is set and should be honored.
