Regarding those it may concern,
I vehemently disagree with the course that lawmakers are attempting to pursue by pushing SB 1599 until May 2027. Oregonians put a lot of effort into gathering signatures to prevent Tina Kotek from sneaking this law through without a vote. These ongoing attempts to defraud hardworking taxpayers of their money because our government and politicians are incapable of handling money must end. Put an end to enriching yourself, developing ineffective programs, and wasting money without taking into account the needs of hardworking Oregonians. It is really upsetting that you all believe we are so unintelligent that we will fail to comprehend what you are attempting to achieve by delaying the bill until May 2027. SB 1599 must remain on the ballot for November! You are supposed to represent the people of Oregon, who petitioned for this.
