Measure, Appointment or SB1599
Topic:

I strongly disapprove of the legislature's desire to move this item to the earlier ballot - that is NOT what we the people signed our names to. We want the letter of the law to be followed. We do not want Kotek to have say over when this appears - let her suffer the consequences of having her name on the ballot at the same time as this ballot measure and let her see how we the people are so dissatisfied with her forcing her pet issues ahead of what is really BEST for Oregon.

Praying God will prick her conscience and she will change her mind - or better yet - be replaced by someone who will truly serve We the People rather than serving her own interests.
