

To Chair Marsh, Vice-Chairs Breese Iverson and Andersen, and
Committee Members

The purpose of my writing you is to ask you to oppose HB 4113.

I value this great state's rural lands and the Land Use System
that helps keep our state healthy environmentally and
economically.

The idea of this bill is to look past our Land Use System those key
issues in favor of development that serves a stakeholder at the
expense of what keeps Oregon great.

Please reject HB 4113

Respectfully Submitted,

Russell Jenkins
