On Behalf Of:

Committee:

Senate Committee On Health Care

Measure, Appointment or Topic:

SB1598

I support SB 1598, because preventative health services are the most important care communities need. In a time where health insurance has sky rocketed and hospitals are severely understaffed, it is the least that can be offered to to keep the public healthy. Accessibility gives people the opportunity to choose. We are a democracy that values freedom. People should have the the freedom to choose how they keep themselves and their communities safe.
