

Submitter: Brian Ray  
On Behalf Of:  
Committee: Senate Committee On Health Care  
Measure, Appointment or Topic: SB1598

I oppose this bill because it takes more authority and judgment away from parents and their families' doctors and gives it to the state / government. It gives power to the government to decide science for us. This is all bad in a free society such as Oregon is supposed to be.

I have a Ph.D. in science education and am very in tune with health issues.
