

Submitter:

Ruppert Reinstadler

On Behalf Of:

Committee:

Senate Committee On Health Care

Measure, Appointment or Topic:

SB1598

I oppose this bill.

This is one more creeping crawl towards the “death panel” conspiracy theory by authorizing a “public authority” to mandate any medical procedure or injection statewide without individual consent, and doctor input. When decision-making is centralized to the State and accountability is eliminated, parental choice, medical discretion, and informed choice are weakened and in some instances eliminated.

Please do not support this bill.
