Measure, Appointment or SB1599
Topic:

I Cindy Anundi, born and raised In Oregon. In my 67 years here, I've never participated in anything political until now. I spent hours gathering signatures to STOP this insane measure from going into effect and putting it on the November 3rd. 2026 ballot for Oregonians to vote on. We followed the law and did our part and now have to continue the fight to keep it from going on the May ballot. Why can't you follow the law and listen to what we the people of Oregon want!? How loud do we have to yell before you start to listen!? Our embarrassing Governor said it was an "emergency" that this bill be passes quickly because ODOT "had" to have more money immediately, yet she drug her feet signing it because it gave us less time to gather signatures. If it was such an emergency, she would have moved quickly. Oregonians are tired of being bled dry and having the wool pulled over our eyes. We are making a stand for our rights and I strongly oppose you moving SB-1599 from the November ballot to May. Thank you ????
