

Submitter:

Bud Liberatore

On Behalf Of:

Committee:

Senate Committee On Health Care

Measure, Appointment or Topic:

SB1598

I fully support public health for everyone. No one person should compromise the general welfare of the populace.

We have health professionals that are committed to serving the public and they have the knowledge and expertise to care for all of us. Anyone with no experience or knowledge of medical science should not be permitted to compromise public health.

Thank you.
