SB1598

I am writing to support Senate Bill 1598. As a native Oregonian, I have taken pride in our state's efforts to ensure continued access to evidence-based preventative services.

To ensure the health of my friends, neighbors, and all Oregonians--it is imperative to me that Oregon continues to rely on scientific, evidence-based decisions and practices for all preventative services, which includes vaccines and vaccine schedules.

I have read this bill, and I fully support it, including my willingness to allocate additional tax dollars to support these efforts.

Respectfully,

Jodi Skrobecki
