RE: SB 1598

To whom it may concern,

This bill violates many Constitutional rights of Oregon's residents. It literally allows the state to determine medical treatment against one's will and then tries to absolve the state of any wrongdoing. This bill is evil by design and will be challenged at the very least at the level of the Supreme Court if necessary. Do us all a favor and avoid not only the stupidity of this bill, but also the future costs of legal actions.

Thank you for your attention to this matter,
