Committee: Senate Committee On Health Care

Measure, Appointment or Topic: SB1598

I peacefully oppose the passing of this bill. It is, in my opinion, tyranny disguised as medical care. Medical decisions made by the State eliminate the peoples ability to make informed choices. It will also give unchecked authority to unelected health officials, giving themthe ability to make changes/decisions that will affect all Oregon residents without proper legislation or discussions. This is authoritarian in nature and does not sit well with the people of Oregon. Thank you for your attention to this matter.
