Committee: Joint Special Committee On Referendum Petition
2026-302

Measure, Appointment or
Topic: SB1599

I strongly oppose the legislative effort to move the public vote on the Transportation referendum from November to May. Petitions were signed with the understanding that the vote would be in November. The legislature's race to approve the bill is intended to bypass the will of the people and is not acceptable. Legislatures exist to serve the people, not the other way around.
