To all who are concerned,

I am drafting this testimony in regards to Senate bill 1599. Living in a very rural community it is necessary for us to travel to get healthcare, affordable groceries, visit loved ones, and quite frankly just to visit neighbors. Being a caregiver(19 miles from home), rancher (15 miles from home to the range), volunteer firefighter of 16 years, and having my son in school (21 miles from home) the measures being presented could be detrimental to all aspects of my life and livelihood. I request that you please cancel the special session and put this on the ballot for everyone to vote on this fall. Trying to push this through quickly it feels sneaky, predatory, and flat out wrong.

Sincerely,
Amanda Rigney
