Keep it on the November ballot like the people petitioned for. It was referred to the ballot because you tried to force more taxes down our throats and have not used the money you already took from taxes wisely. Instead you support illegals and refuse to help with mental health hospitals for homeless and now our state is trashed everywhere. You are a shit governor and you are supported by shit representatives and none of you are working for true Oregonians. We want a green state back without you helping the invaders of OUR land. You directed your Division 15 state parks to basically erase veterans benefits at the state parks, which costs no money compared to the money you spend on illegals. You spend and spend on homeless and it has gotten worse. How many people would have jobs if you opened mental health facilities back up and got people help off the street instead of supporting illegals who are not on the street, but living in all the brand new apartments you supported. Complete destruction of a beautiful state since 1987...mail in ballots and sanctuary state status. You disgust all but your chosen few. Leave it on the November ballot. We will vote you out either way.
