I strongly opposed the governor's sly tactic to try and subvert the will of the people by putting her trash transportation package on the primary ballot because most people don't vote during primaries for one reason or another. Why does Oregon have 138 billion dollar budget that they can't stick to, and instead of balancing it as all families must, she keeps raising taxes or threatening us if we don't comply and bend to her. Oregonians far surpassed the necessary minimum of signatures to stop her tax package, and she continues to try to go against Oregonians for her own personal agenda, her hate for the president, and her frivolous spending on everything (including suing Trump with taxpayers dollars) but Oregon's best interests. No on SB 1599.
