Committee: Joint Special Committee On Referendum Petition  
2026-302  
Measure, Appointment or SB1599  
Topic:

It would be a great disservice to the citizens of Oregon to have this bill moved from the November election to the May election.

It is quite obvious that there will be less voter interest in May as opposed to November.

The citizens who signed the petition asking for the vote on this tax did so, with the intent of it being on the November election cycle.

Listen to the people of this state and keep it on the November election or face additional scrutiny and possible voter backlash come November.

I personally will put all my efforts toward this end of the bill is pushed to May by the Democrats in office.

We will not forget and we not be silent on this.

Sincerely,  
Terry Brooks
