Senate Committee On Health Care

Measure, Appointment or Topic:

SB1598

My name is Leslie Christianer, and I support vaccine access.

I writing out of concern for my friends in Oregon who are doing the best they can to protect their health. Many of them are senior citizens with health conditions that would be seriously complicated by contracting a virus such as SARSCoV2. I'm so grateful our leaders in Washington state streamlined access to vaccines. I urge Oregon leaders to do the same by passing Senate Bill 1598.

Please pass Senate Bill 1598.
