To Whom It May Concern

I actually can't believe that I have to submit testimony on a subject that shouldn't even be happening. No no no stop taxing us to death. It's not OK to move voting on the transportation bill when it's expected to be in the November ballot, I would think really hard before I supported anything like this because our votes will vote you out of office and as far as I'm concerned, you can't come fast enough. I do not support this bill in either should you?

Sincerely,  
Tracy Beck
