

2-9-'26

I'm writing in opposition of SB1598.

This bill is shockingly anti-American and would take away our freedoms in regards to our medical rights.

It is a power grab by those who should not have any control of our medical decisions.

This SB1598 would take away the medical discretion of doctors for their individual patients.

It would also allow mandates – forcing people without their informed consent about medical issues.

It would take away parental choice, too.

SB1598 would also take our tax payers' money to fund these abuses of our medical rights.

Unelected public health officials are not to take away power from parents and doctors.

This bill needs to be opposed.

Thank you.
