

Submitter:

Jason Fisher

On Behalf Of:

Committee:

Senate Committee On Health Care

Measure, Appointment or Topic:

SB1598

This bill would greatly improve the ability of my friends, family, and self to get vaccinated here in Oregon. This is particularly important for those of us who are immunocompromised or otherwise may not be able to get vaccinated or take other precautions. Additionally, the vaccination guidelines and recommendations provided by our local government should be based in science and accessible to the public in terms of fairly simple phrasing. Thank you for your time.
