

Submitter:	Lois Grothe
On Behalf Of:	
Committee:	Senate Committee On Health Care
Measure, Appointment or Topic:	SB1598

SB1598 is not as benign as you would like us to believe. The fact that it does not directly prohibit the government agencies from dictating to doctors how to treat their patients for example whether they can decide with the patient to not have a specific immunization is highly dangerous and a government overreach. Please don't know on this particular bill. We are the people expect our representatives to protect us and this bill is not that protection
