

Submitter: Carole Harrigan

On Behalf Of:

Committee: Senate Committee On Health Care

Measure, Appointment or Topic: SB1598

Hello,

My name is Carole Harrigan, I am mother and guardian of a son vaccine injured at 6 months old. I strongly oppose SB 1598, we American citizens do not need a centralized, one size fits all healthcare system managed by unelected officials who do not know anything about healthcare or preventing disease. Personally, I can make my own informed decisions about my health and my family's health, what I need and what I don't need. And what me and my family do not need is mandates regarding vaccines if we want to keep our jobs, censoring valid information. The Covid-19 debacle was a rude awakening for millions of people not only in the US but around the world. We, the people, need the freedom to make our own healthcare decisions and we need to keep that freedom. Therefore, I oppose SB 1598. Thank you.

Carole Harrigan
