

Submitter: Elaine Lavington

On Behalf Of:

Committee: House Committee On Climate, Energy, and Environment

Measure, Appointment or Topic: HB4046

I approve HB 4046. Directs the State Department of Energy, subject to the availability of funding, to conduct a study on nuclear energy, including advanced nuclear reactors. We need a reliable source to be studied that is not solar or wind. It's only a study it is not building any nuclear power plants.
