Committee: House Committee On Health Care

Measure, Appointment or Topic: HB4074

I do not agree with this Bill. The institution of the safe staffing law has drastically improved our care for our patients in a major level 1 trauma hospital in Portland. It allows nurses to provide improved time and care for their patients without increased risk to their licenses. It also allows nurses to take well deserved breaks that improve their ability to care for their patients. Hospitals shouldn't be held accountable for safe staffing (1:4 med surg).
