Measure, Appointment or Topic: HB4008

Without Trimet more cars add to traffic. No added lanes decongest traffic just public transit does this.

We pedestrians and bicyclists need Trimet to stay frequent and go every where.

Climate change is real and waiting too long can kill person in extreme weather.

I have nearly been raped without TriMet Available to take home.

TriMet is too privatised. It needs public funding.

It also needs to be less than \$100 for the age group of 18-63 year olds. It is robbing them of actual choice between TriMet and taking a car.

Accidents are on the rise and we cannot wait until December for TriMet to get its funding.

This Hurts Workers who depend on TriMet now.

Please Get TriMet Funding and protect ridership and its union.

Thank you.
