2026-302  
Measure, Appointment or Topic: SB1599

I signed a petition that explicitly stated that I would be able to vote on the mentioned referendum on Nov. 3, 2026. Moving this vote to May is an attempt to suppress votes as many that signed the petition may not receive the notice that the vote has been moved up. You would need all 250,000 signers of the petition to acknowledge the change or this would be voter suppression.
