Ryan Born

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB1501

Sports in general, but more specifically professional sports, bring people together from all backgrounds, upbringings, cultures, socioeconomic status and political affiliations. What the Trail Blazers have done, as well as the many events hosted at the Moda Center, for the city of Portland is incalculable...both financially and culturally.

The Moda Center is a place to gather and to celebrate. The Moda center and the future of the Trail Blazers in Portland should be protected at all costs.

I wholeheartedly support the State entering into an agreement to own and operate the Moda Center.
