

Submitter: Brett Boston

On Behalf Of:

Committee: House Committee On Health Care

Measure, Appointment or Topic: HB4074

It's hard to see how HB 4074 would do anything but reduce the quality of healthcare that everyday Oregonians receive. Safe staffing ratios are important for both the quality of patient care, and for reducing burnout in healthcare workers. Worsening working conditions for healthcare workers could drive these workers away from our state, thus compounding existing strains on our healthcare system. I hope you join me in opposing this bill.
