Senate Committee on Housing and Development

Dear Chair Pham and Committee Members,

Thank you for the opportunity to speak against S.B. 1522-1

Putting the blinders and ignoring important irreplaceable resources or what's on the ground is not the right strategy for designating urban reserves. Our current system of balancing goals and needs is a wise one. The process is fair and middle ground. Do not give in to the extreme! Please reject S.B. 1522-1.

Thank you for your consideration.
